**Hand Manipulated Lace Seminar** , This “all day” event ( 10 am till 4 pm ) features published club member **C. Polfer**. It will be held in Room 161 of Building K at the College of DuPage. This is a BYOL (bring your own lunch). Beverages are available from vending machines. This is a hands-on event with the end product being a sachet. To conserve space we ask people to find a knitting buddy asap to share a machine.

**Knitting Videos** Have you double checked your video collection?! Our videos are missing! Library materials will have a white label with **INTERKNIT** in the upper right corner.

**Calendar** The program committee is hard at work ironing out the final details for our calendar. May we'll be reviewing enterlac! Details are being worked out for our field trip options will be announced at club meeting soon.
