Fun with Fair Isle September 11- 12, 2010 At the Eola Community Center Aurora IL

This 2- day workshop will explore the process as well as the design opportunities of Fair Isle knitting on the machine. On the first day a lecture/demo will present the mechanics of Fair Isle, yarn selection, float control, garment construction possibilities, Fair Isle design, color selection and alternative ways of coloration. The second day will be for hands-on practice of Fair Isle techniques. Participants have the opportunity to complete a Fair Isle project by the end of the second day.

Registration is Required the form is now available on our website, payment due by Sept. 1.

Other News Worthy Items

From **Wool and Company**: Our 'If you think I'm moving all this you must be crazy' sale continues. We have a huge selection of merchandise at 30% off, and are ADDING TO IT EVERY DAY, so make sure you don't miss out on some great bargains, not just from our amazing yarn selection but also some super gifts. There are lots to buy and some really nice 'odds and ends' that need a home. We have just added some books to the mix and they are moving fast.
