For Sale! Two big industrial sewing machines. Judith Rich's daughter is closing her shop and does not wish to put them in storage. These machines are the kind that can sew through fingers and cardboard, she has some books, but she is willing to show people how to work them. Please have call Judie or Tina Rich at 630-627-7208. She hopes to get \$800 to \$1000 each but she is open to offers.

.Also - If anyone is interested in items a costume shop has to offer (material, notions, finished costumes, parade heads), please call Judie or Tina.

Remember that extra large can of yarn spray? If its silicone based (most are, or just use a silicone lubricating spray) it's great for lubricating plastic* knitting machines! *please note this is for plastic bed machines only!
