SPACE IS STILL AVAILABLE!!

Carol Scott

**Fun with Fair Isle
September 11- 12, 2010**

This 2- day workshop will explore the process as well as the design opportunities of Fair Isle knitting on the machine. On the first day a lecture/demo will present the mechanics of Fair Isle, yarn selection, float control, garment construction possibilities, Fair Isle design, color selection and alternative ways of coloration. The second day will be for hands-on practice of Fair Isle techniques. Participants have the opportunity to complete a Fair Isle project by the end of the second day.

A perfect chance to get the machine out from under the bed or come for a quality question and answer opportunity!

Come either day or both. Visit www.interknitmk.org for the registration form.

Pack a lunch if you wish. If ordering food please notify Diane McQueen ASAP

Seminar Location is the Eola Community Center, visit <http://www.foxvalleyparkdistrict.org/?q=node/29> for directions.

InterKnit would also like to welcome:

Mary Matz 276 Wilmette Ct. Schaumburg, IL 60193 Home: 224-545-3924 marytmatz@gmail.com

Barb Majeres 1201 Laurie Lane Burr Ridge, IL 60527 Home: 630-887-8718 abmajeres@sbcglobal.net

October is Garage Sale/Silent Auction Month!

Clean out your stash, duplicate gadgets or books! If you've an item that would perk some interest (as well as some extra \$\$ for the club) please send an email to me with details so it can be posted in the October Newsletter. Former member Loretta Parker has made some donations to us. *A ribber carriage and a lace carriage! Details to come!* These items will be at the Auction. In her donation were some videos, which will soon be added once again to our club library. Most regarding machine knitting, plus a few on sewing as well. **THANK YOU LORETTA!**
